

## Mmmmmmade to measure

At Van Os-Sonnevelt, you can choose from over thousand articles to furnish your event, congress or exhibition stand. Whether you hire for only a few days or for two weeks doesn't matter: every piece of furniture is cleaned and individually packed. It will be delivered at the right place and at the right time, by an experienced team that places the goods exactly how and where you want them. Service made to measure? At Van Os-Sonnevelt it is part of the standard deal.

## Mmmmmmore sustainability

When you do no longer need the furniture, we pick it up to use it again. Continuous reuse, grouped transports and the use of biodegradable detergents make renting at Van Os-Sonnevelt by far the most sustainable and most environmental friendly solution for all your temporary furniture needs.

## Mmmmmmeet the people

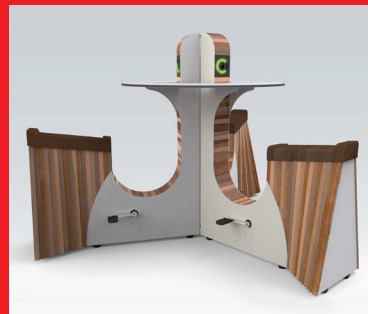

The people at Van Os-Sonnevelt are highly trained and know the field inside out. Furthermore, they know exactly what you expect from them: fast delivery and pick-up with a minimal impact on the event, no hassle, an eye for detail and a lot of service. For more than 35 years, the logo with the oxen head has been a symbol of quality for event furniture. No wonder Van Os-Sonnevelt was the first furniture rental company to be ISO-certified.

## Mmmmmovables for all styles

At one moment you may need furniture that seamlessly disappears in the setting. Invisible, so to say. And at another moment, you are looking for that one particular sofa that really attracts people like a magnet. Van Os-Sonnevelt has both: new stuff by talented, young designers and great classics by world renowned design gurus. And of course all the accessories you need to comfortably and functionally organize any space, from fridges and kitchen units to room dividers and ice cube machines.

Van Os-Sonnevelt  
is official **WeBike®**  
rental agent for the Benelux.

### Van Os-Sonnevelt

was established 1976 and operates in Belgium, Luxemburg, northern France and the south of the Netherlands with a large offer of rental furniture and accessories for exhibitions, congresses and events.

The portfolio consists of articles by a wide variety of furniture designers, starting or well-established, from Belgium and abroad.
